La struttura è in acciaio imbottita in schiuma poliuretana a quote differenziate e rivestita con tessuto protettivo accoppiato. I cuscini seduta sono realizzati in poliuretano espanso a quote differenziate e fibra poliestere termolegata e rivestiti con tela di cotone bianca. I piedi sono in massello di faggio tinto color noce o seppia, completi di antiscivolo in materiale termoplastico neutro. Il rivestimento può essere in tessuto o pelle e la svestibilità è completa.

The structure is in steel padded with differentiated density of polyurethane foam and covered with a matching protective fabric. The seat cushions are in differentiated density of polyurethane foam and thermo-bonded polyester fibre, covered with a white cotton lining. The feet are in beech wood in a walnut and sepia stain, complete with non-slip pads in clear thermoplastic. The fully removable covers can be in fabric or leather.
